2016 KPhA Legislative Conference

Embrace & Advocate Change

Frankfort, KY
November 11-12, 2016

Capital Plaza Hotel, Frankfort, KY

Featuring the KPhA Student Legislative Day

in partnership with Sullivan University College of Pharmacy
and University of Kentucky College of Pharmacy

OUR KPhA: Promoting a Unified Voice for Pharmacy
Program Description

The Kentucky Pharmacists Association supports the pharmacists and pharmacy technicians of Kentucky by providing programming on up-to-date topics faced in pharmacy practice. Pharmacists and pharmacy technicians who practice in hospital/health systems, community, retail, consultant, long-term care and insurance industries are the targeted audience for this meeting.

This conference targets topics such as grassroots legislative advocacy, Prescription Drug Abuse, and the future of health care in Kentucky.

As an ACPE accredited provider, the Kentucky Pharmacy Research and Education Foundation (KPERF) must ensure balance, independence, objectivity and scientific rigor in all its educational activities. Any person who is in a position to control the content or direction of a CPE activity must disclose any financial interest or other relationship with a commercial interest producing healthcare goods or services that have a direct bearing on the subject matter of the programming. Full Disclosure will be given verbally prior to the activity.

For successful completion of the Knowledge Based CPE activities and subsequent awarding of credit, each participant (Pharmacists and Technicians) must COMPLETE and TURN IN an activity evaluation form TO THE MODERATOR at the end of each activity and include NABP eProfile ID number and birthdate (MM/DD).

Your certification will be added to CPE Monitor no later than two weeks after the meeting.

Meal functions are open to all registered attendees; name tags required.

Registration is required to attend all continuing education programs. Meeting attire is casual.

The Kentucky Pharmacy Education & Research Foundation is accredited by The Accreditation Council for Pharmacy Education as a provider of continuing Pharmacy education.

If you do not have your NABP eProfile ID with you, please fill out the rest of the evaluation sheets for each activity and email Scott Sisco at ssisco@kphanet.org with your ID number as soon as possible to ensure your credit is applied to your CPE Monitor Profile.

Mark your calendars today! More details to come on www.kphanet.org and social media sites.

139th KPhA Annual Meeting & Convention

June 22-25, 2017
Griffin Gate Marriott Lexington
