Join the KPhA Academy of Pharmacy Technicians! As technicians, we are excited about the changing environment in the pharmacy profession and look forward to being a part of that change. If you are a technician member of KPhA, you are eligible to be a member of the Pharmacy Technician Academy. There is no extra cost involved or responsibility. Our goal is for the role of the pharmacy technician to grow and evolve as a profession. We want to invite every technician to join the academy to have a voice in guiding our profession.
